B: Knowledge can be acquired anywhere - learning happens all the time. The purpose of lifelong learning is for personal and professional development. With a positive attitude to learning, lifelong learners are motivated to learn. For them, learning is a deliberate and voluntary act. Lifelong learning can enhance our understanding of the world around us, provide us with more and better opportunities, and improve our quality of life.

## 五 作文

### Job Hunting of College Students

Recent years, there are more and more colleges with less and less job. It's said that ten students complete for only one job. I will give a lot of reasons and deal with it for my idea.

First and foremost, due to colleges have a high goal and find a different with his learning, which is a vital cause. College students think they are highly educated. So they should fit for a high salary job. What's more, they lack of work experience. Last but not least, As long as we have our own job, we can acquire much useful knowledge by working. If we do well, I hold the view that we will succeed.

What has been discussed above. I think we can change this construction if we do as above. I'll appreciate it with you agree.
